

## TotalFusion All-Club Add-On Terms and Conditions

- 1. All-Club Add-On**
  - 1.1 These are the Terms and Conditions (**T&Cs**) that apply to the TotalFusion All-Club Add-On (**All Club Add-On**). These T&Cs should be read in conjunction with the TotalFusion Membership Terms and Conditions and Membership Rules.
  - 1.2 The All-Club Add-On allows Members to access any TotalFusion club in addition to their current home club.
  - 1.3 This gives the Member access to the gym floor and standard group fitness classes at all clubs (excludes Reformer Pilates and Run Club at certain clubs).
  - 1.4 If a Member has the Reformer or Reformer and Run Club Add-On at their home club, this will enable them to access these classes at all clubs.
  - 1.5 The All-Club Add-On specifically excludes the Wellness Area regardless of the Members Access at their Home Club.
  - 1.6 TotalFusion reserves the right to change the clubs that are included in the All-Club Add-On at any time by opening, closing or excluding clubs in this Add-On.
  - 1.7 Members with this Add-On will be informed of any changes to the club inclusions that are made, and they will be able to cancel this Add-On immediately and receive a refund for any time that they have not used.
  - 1.8 To add the All-Club Add-On a Member must have an in term membership agreement. If a Member is on a month-month contract after the end of their Membership Agreement they must recontract to a new agreement to be able to add the Add-On.
- 2. Including and Cancelling the Add-On**
  - 2.1 Membership Add-Ons are charged on a fortnightly basis as a prepayment for services included with the Membership Add-On for their fortnightly period in advance of the payment (**Add-On Entitlement Period**).
  - 2.2 To include the add-on to the Members membership a member may nominate to add this to their membership during their Membership Application or may request the add-on is included in their membership by requesting in writing.
  - 2.3 Once the Member has included the Add-On to their membership, TotalFusion will continue to charge the Member the Add-On fee until we have received a cancellation request from the Member.
  - 2.4 There is no minimum commitment period for a Membership Add-On and members can cancel a Membership Add-On at any time by sending a request in writing.
  - 2.5 Once TotalFusion receives a cancellation request this will be processed at the end of the Members Add-On Entitlement period so the Member will not be charged the Add-On Fee again but will be able to access all clubs until the end of their applicable Add-On Entitlement Period.
  - 2.6 If the Members nominated payment method has been charged at the time of receiving the cancellation request, then the cancellation will be processed at the end of the next Add-On Entitlement Period.
  - 2.7 TotalFusion will not backdate an Add-On cancellation request.
  - 2.8 If the Member suspends their Membership, the Add-On will automatically be cancelled for the period the Member is on suspension.
- 3. General**
  - 3.1 The Add-On is only available for the Member in the nominated Club in the Members Membership Agreement.
  - 3.2 To access the Add-On the member must have a valid membership agreement. If the Member's membership is in default the member is unable to access the Add-On until their membership is no longer in default.
  - 3.3 There will be no refunds if a member is in default and unable to access the services.
